In saying this I mean no reflection upon the patriotism or loyalty of the Republican party or any of its members, but I take it that all men agree, for instance, that if the Democrats had captured either the House or Senate in the elections of 1862 it would have been not only an embarrassment to President Lincoln but a calamity to the country. For these reasons, if there were no other, I purpose to do all I can to assist in electing the nominee chosen promise. by the Democratic party in coming primary. In these days of primaries, however, members of the party can no longer assemble and consult as they did in the days of conventions, and this perhaps formishes some reason for individual members of the party giving public expressions of their views.

CLUB NOTES

More and more the boys and girls are coming to realize the seriousness of our food supply. Through the organization of the boys and girls clubs we are enabled to inpress upon their minds the absolute necessity of a surplus of food material in order to furnish sufficient food and supplies for our Allies, and they are gladly enlisting in the army of the Tillers of the Soil. The truest patriotism is not always shown by the men and women but by the boys and girls of our raising potatoes and other farm Slaty Fork, A. G. Killingsworth ducts, which goes to show that they. too, are ready and willing to do their part. In one case in particular a young girl of fourteen picked rocks from a stony hillside and planted her 1-8 acre of potatoes. What better proof do we need of a determination to "make three blades of grass grow where but one grew before."-A true test of a successful farmer...

At a meeting of the "Pine Grove Club" held at the Green Hill school house on last Wednesday night, not only the boys and girls were present, but the parents and smaller children. A short program was rendered, re-ports made, business transacted, and the evening was made enjoyable by the singing of songs, club yells, and lawn games. That is a proper spirit; make it a community affair and encourage the boys and girls.

On Friday a very enjoyable meeting was held at Edray school house by the "Edray Producers." In order to prove their determination of going ahead regardless of outside help, they voted to hold their own regular meetings on every other Thursday G. W. Sharp, Chairman of Hunters evening. This speaks well for the
